Introduction to Radiological/Nuclear WMD Operations (AWR-140)

Hosted By: **Fire Science Program at Malcolm X College**

Course Location: *1900 W. Jackson Blvd., Chicago IL 60612*

Date and Time: **May 13 or 14, 2024.**

Course Length: **4hrs.**

Recommended Prerequisites: **None**

AWR-140 provides an introduction to Radiological/Nuclear WMD operations for first responders and others, who may be tasked with response or support missions. The course provides fundamental knowledge regarding recognition of the threat or incident, protective measures, notifications and securing the incident area. The course addresses competencies found in the National Fire Protection Association (NFPA) 472, *Standard for Professional Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents* (2013) for Awareness and Operations levels.
